HARISH BUTLE, FOUNDER

DEEPER is the brainchild of Harish Butle, a noted Social entrepreneur, Educationist and Social worker who believes each deserving student must be given an equal opportunity and facility to compete in a fair manner.

Even as Harish Butle aims to take DEEPER, SIR Foundation and Saad Manuskichi Foundation from strength to strength, the edifice of his work is based on his three decade long stint as teacher, educational counselor and noted social engineer. These roles equip him to truly grasp the student's concerns, hopes and aspirations. He is also the Founder-President of the Mahaparents, the pressure group formed by parents, against malpractices in the educational field.

He was restless as schools and colleges were getting disturbed because of coaching classes. To overcome this problem Mr. Butle crafted the concept of Deeper and served various junior colleges with the help of like minded students centric teachers, principals and college management. He also crafted well planed rural development theme in the name of SAADGRAM for integrated rural development on the platform of SAAD MANUSKICHI FOUNDATION & recently announced a path breaking initiative named CLUB DEEPER, integrated educational and skill plus social campus with township of like minded teachers and friends from DEEPER, SAAD MANUSKICHI FOUNDATION and initiatives which will cater all above activities.

He is panalist for educational and social debates on various TV channels. He also wrote thought provoking articles in leading newspapers like Lokmat, Sakal, Samana etc.

Your views regarding DEEPER .
(It is expected that every Students should write 2-3 points regarding DEEPER.)

DEEPER gave me an experience about how CET exams, CET exam-atmosphere will be. For the betterment of juniors, I wish DEEPER like exams should be encouraged. It certainly reduces 'exam-fever' and 'exam-phobia' and accelerates our preparations for actual CET!
THANK YOU DEEPER!
